I. AMENDMENTS TO THE SPECIFICATION

Please replace the paragraph [006] with the following paragraph:

[006] The center portion of the table top 1' of this type of conventional folding table, however, is only supported by one cross bar 22' that pivotally attached to the two support braces 24'. This may allow the center portion of the table to undesirably deflect, shift or move. In addition, if the cross bar 22' in the center portion of the table top is damaged, the entire table frame 2' must be removed in order to allow repair or replacement of the damaged cross bar. Removing the entire table frame 2' from the table top 1' often requires a significant amount of time and effort.

Please replace the paragraph [020] with the following paragraph:

[020] Figure 2 is an exploded perspective view of a folding table in accordance with a preferred embodiment of the present invention;
